Waukee Betterment Foundation,

Thank you for inviting ADM Schools to be involved in the steps to bring the Miracle League/All Inclusive Complex to Dallas County. As representative of the ADM Community School District, we are excited for this vision to become a reality.

There are approximately 70 students, preschool through senior high, attending ADM Schools who will benefit from this complex. I have no doubt that this complex will positively impact hundreds of young people in our area.

Thank you again for having this vision and the potential reality of this complex.

Sincerely,
