Jim Miller, Waukee Betterment Foundation
PO Box 654
Waukee, IA 50263

Dear Mr. Miller,

It is my pleasure to write a letter in support of the Miracle League Field, Play Area, and Fishing Pier.

Our Leisure program has over 450 athletes that use various facilities around the Des Moines area. This Miracle League Field would assist our Special Olympics Softball teams. There are currently over 60 adults with disabilities that could get use out of this field. Our Link Associates facility and day programs could get much use out of the adapted fishing pier. There are over 150 adults with disabilities in our day program that could regularly use the fishing pier, as well as the Miracle League Field. I believe this project would greatly increase assess, as well as quality of life for many adults with disabilities in the community.

In conclusion, I fully support the efforts of the Waukee Betterment Foundation as they seek external funding to support this effort. If you have any questions please contact me at my office.

Sincerely,

Adria Smith
Leisure Manager
Volunteer Coordinator
