Waukee Betterment Foundation,

Thanks for including Van Meter Schools in the vision meeting for the Miracle League/All-Inclusive Complex hosted by the Waukee Betterment Foundation. As superintendent of Van Meter CSD, I am pleased and excited for this vision to become a reality for our communities.

There are approximately 30 students, preschool through 12th grade, attending Van Meter Schools who will benefit from this complex both within and outside the school day. The positive impact it will have on our kids not only while they are students, but also as they become adults is a great opportunity that we will gladly support.

Thanks again for having the vision to make this project a reality!

Sincerely,

A handwritten signature in blue ink, appearing to read 'D. Durlinger'.

**Deron Durlinger, Superintendent
Van Meter Community School District**
