RE: Miracle League of Waukee

Dear Mr. Miller,

I am pleased to show support for the Miracle League Complex being planned by the Waukee Betterment Foundation. With so many West Des Moines families living in eastern Dallas County and attending Waukee Community Schools, there is no doubt that this facility will be of benefit to our residents.

One aspect of the project that I especially appreciate is that it is being planned for both children and adults. I believe that there are many positive outcomes from encouraging interaction among different age groups.

Thanks to you and the Waukee Betterment Foundation for moving this project forward!

Sincerely,

Sally Ortgies
Director of Parks and Recreation
